§404.1408 Compensation to be treated as wages.

(a) *General.* Where pursuant to the preceding provisions of this subpart, services rendered by an individual in the railroad industry are considered to be employment as defined in section 210 of the Social Security Act (see §404.1027 of this part). Thus, any compensation (as defined in section 1(h) of the Railroad Retirement Act of 1974 or prior to the 1974 Act, section 1(h) of the Railroad Retirement Act of 1937) received by such individual for such services shall constitute wages, provided that the provisions of §404.1406 do not operate to bar the payments of benefits under title II of the Social Security Act.

(b) *Military service exception.* An exception to paragraph (a) of this section applies to any compensation attributable as having been paid during any month on account of military service creditable under section 1 of the Railroad Retirement Act of 1974 (or section 4 of the Railroad Retirement Act of 1937 prior to the 1974 Act). Such compensation shall not constitute wages for purposes of title II of the Social Security Act if, based on such services, wages are deemed to have been paid to such individual during such month under the provisions described in §§404.1350 through 404.1352 of this part.

§404.1410 Presumption on basis of certified compensation record.

(a) *Years prior to 1975.* Where the Railroad Retirement Board certifies to SSA a report of record of compensation, such compensation is treated as wages under §404.1408. For periods of service which do not identify the months or quarters in which such compensation was paid, the sum of the compensation quarters of coverage (see §404.1412) will be presumed, in the absence of evidence to the contrary, to represent an equivalent number of quarters of coverage (see §404.101). No more than four quarters of coverage shall be credited to an individual in a single calendar year.

(b) *Years after 1974.* Compensation paid in a calendar year will, in the absence of evidence to the contrary, be presumed to have been paid in equal proportions with respect to all months in the year in which the employee will have been in railroad service. (For years prior to 1975, see §404.1412.)

(c) *Allocation of compensation to months of service.* If by means of the presumptions in this section an individual does not have an insured status (see subpart B of this part) on the basis of quarters of coverage with which he is credited, or a deceased individual's primary insurance amount (see §404.201) may be affected because he attained age 22 after 1936, the Administration may request the Railroad Retirement Board to furnish a report of the months in which such individual rendered service for compensation which is treated as wages under
